It's a loffer poffer ding dong, bigger than king kong's  
Without a doupt, that ain't nothing to discuss about

When I see you my friend you take it in your hand  
Do you, like it like I always like it too

When you hold it nice and tight I think the time is right  
To quick make up your mind if you wanna be with me  
tonight

Rising High Rising High let your will fly high  
Rising High Rising High let your will fly high  
Rising High Rising High let your will fly high  
Rising High Rising High let your stick fly high

Ah when you're shaking in your room how to meet this  
girl real soon  
You'd like to think of silly willy how you'd like to do the  
willy killy

Smooth your chose to let you emos run lose  
But the lose girl is gone with her clothes still on

Man it ain't no thing but a chicken wing  
Cause when I bust you out will scream and shout

Rising High Rising High let your will fly high  
Rising High Rising High let your will fly high  
Rising High Rising High let your will fly high

Rising High Rising High let your stick fly high

Cause I'm living for my loffer, I am living for my poffer  
I am living for my ding dong I'm living for my King  
Kong  
Say what girlie hot I wanna bust your spot  
You say no no way you gotta stop and say

Hey stud crack my nut with your lickory stick  
Rise it high make me fly cause you're magic guy  
That's why I'm living for my loffer and I'm living fpr my  
poffer

I am living for my ding dong I am living for my king  
kong  
Loffer di poffer di loffer di poffer di loffer di poffer di  
ding dong

It's a loffer poffer ding dong bigger than King Kong's  
Without a doubt that ain't nothing to discuss about.

And now you hold it nice and tight and now the time is  
right  
Cause you made up your mind that you'll be with me  
tonight.
