Celebrate Youth

By H-Blockx

Album: No Excuses

I can see the older man

Looking at the younger man

I can see the younger man

Looking at the boy

Over there the older woman

Looking at the younger woman

I can see the younger woman

Looking at the girl

'Cause every man sees

In the younger man the hope

Every woman sees

In the younger girl the dream

Everybody lives

The pride and passion of the young

From the womb to the tomb

We will remember what it means

Refrain:

So celebrate youth - celebrate

Those who have it - young ones

Celebrate youth - celebrate

Give them sight

The future of the world's in the -celebrate

Hands of children - young ones

So celebrate youth - celebrate

Teach them right

Looking in a child's face

There's no pride and no disgrace

There's no struggle there's no fight

I can see the older man

And sometimes in the older man

I still see the young boy

Burning in his eye

And locked up here inside our spirit

Is the child that we are, hear it

Some of us will always fear it

And some will heed the cry

'Cause every man sees

In the younger man the hope

Every woman sees

In the younger girl the dream
Everybody lives
The pride and passion of the young
From the womb to the tomb
We will remember what it means
Refrain:
So celebrate youth - celebrate
Those who have it - young ones
Celebrate youth - celebrate
Give them sight
The future of the world's in the -celebrate
Hands of children - young ones
So celebrate youth - celebrate
Teach them right
Looking in a child's face
There's no pride and no disgrace
There's no struggle, there's no fight
Fight like a youth brigade
Tear down your baricades
I know fear's a blade
Time's up, another decade
Fight to be free indeed
Wrap up the things you need
Imaturity
Celebrates the youth in me
Looking in a child's eye
There's no hate and there's no lie
There's no black and there's no white
Refrain:
So celebrate youth - celebrate
Those who have it - young ones
Celebrate youth - celebrate
Give them sight
The future of the world's in the -celebrate
Hands of children - young ones
So celebrate youth - celebrate
Teach them right
Looking in a child's eye
There's no hate and there's no lie
There's no black and there's no white
