Why do I panic? This shit is manic
I got it going on and I don't know where it's coming
from
I feel no strenght in, I have no trust in
Myself or anything I liked that's gone so long

Might be a timeshock - that I took
Might be my love - love that I locked
Might be my heart - hard as a rock
All I know I never knew this lifhook

Damn this is tragic, where is the magic
Where's all the glitter, gleam those things
I dream my selfesteem

Chorus:
I've got to, got to, got to
I've got to find a way

Guess I am static, full automatic
There is this fear for me to take and pull it all inside

How can I - break my prison?
How can I - get a vision?
How can I - find some wisdom?
All I know I need a fast desiscion

Damn can I try it, I don't deny it
From dark to dawn from dawn to light your brown eyes
turned life bright

Chorus
