Did you see my mother walking round the blocks?
Did you see them nasty boys looting the lots?
Did they ever miss you or did they even kiss you?
Or is the only thing you see Britain's milita?

If you smell that air
You can feel the flair
And the people that rock
Live in an H-Block

Chorus:
H-(H)-B-(B) H-B-L-O-C-K-X - H-BLOCKX

H-Blockx, that's the name
We give credit to the people who can feel the pain

Of aggression, supression and brutality
Who live in an H-shaped home of insanity

If you smell that air
You can feel the flair
And the people that rock
Live in an H-Block

Chorus:
