Listening to some Marvin Gaye all night long

But I want that whole thing back

Make these moments once again go right

So wontcha, so wontcha, do it for us babe

Good loving body rockin' knockin boots all night long,
yeah

Making love until we're tired, till the break of dawn.oh
come on

Oh come on and turn the lights down and let me get on
it yeah

Cause when I do just me and you, it'll be so right

Give me some good love (some body rockin, knockin
da boots)

Give me some good love (some body rockin, knockin
da boots)

Some body rockin baby, Give me some good love
(some body rockin, knockin da boots)

That's all I need, I need, Give me some good love
(some body rockin, knockin da boots)
