Stop
Let's
Take this real slow
Let me break it down so that you can know
I'll do things
You never imagined me to do
I'll lick you all over
As the sweat
Pours down on you

Girl I want
To lick you up and down
Come on and let me do
What I can do
Come on
And tell me what you need
Cause I just want to
Taste the sweetness
From your body
Let me

Chorus:
Come on and let me lick you up
Come on and let me lick you down
Come on let me lick you around
Up and Down
You will feel my fire
let me lick..

Chorus:
Come on and let me lick you up
Come on and let me lick you down
It'll be right
It'll be right
Come on

Every
Little touch
That I make
Will be so nice girl
{You know what I'm gonna do}
Lady, lady, lady, lady

First I'll start from your toes
And then I'll make my way to your thighs
I'll make you so wet that you will never let
Me go

How about we get to know my Boy Shazam
(Yeah,Yeah, Yeah,Yeah)
and I'm feelin GI
Dino will make you feel the things
That will make you
Feel so right
(Oh oh oh oh oh all night)

Girl I want
To lick you up and down
Come on and let me do

What I can do baby
Come on
And tell me what you need girl
Cause I just want to
Taste the sweetness
From your body

Chorus:
Come on and let me lick you up (Come on and talk to
me)
Come on and let me lick you down
Come on come on, baby

Let me know what you want
And I'll just do it

Come on and let me lick you up (I'm real man babe,(let
me do it to you) I'm so real baby)
Come on and let me lick you down
Yeah baby (Don't you know Baby)

I've said all I'm gonna say
So come here
Lay your body down
Right here

Cause it's on, it's on, it's on, it's on

(Wooh..Oh I)
Come on and let me lick you up (Know that I got you
where I want you)
(You're laying here with smiles on your face)
Is it good to you?
I know is good I just don't have to ask

Chorus:

Come on and let me lick you up (But I'll make it better)

Come on and let me lick you down (Me, myself)

Myself baby

Give, give, give, give a little more lickin' to do baby

Come on and let me lick you up (I know I'll make it so
right)

Come on and let me lick you down (I'll I'll I'll I'll I'll I'll
I'll I'll I'll I'll I'll I'll make it so right)
