drop down my throat back to what it seems sweet and
sour never that more like caramel baby come let me ge
whif of that sweet sweet smell

[Chorus]

Much feelin' and it tastes great [x8]

[Verse 2:]

Let me ease down the road fill you up inside in and out
, round about like a merry-go-round let me lick over
your body leave you with a smile leave you unsatisfied
that's no my style

[Chorus]

Sing it for me G.I. : Just lay your body down let me fill
you up let me touch you where where you wanna be
touched tastes so good feels so go inside (come on
