Heartaches knocking on the door
Shadows dance outside her window
Tears keep falling on the floor
As the world around her crumbles

If you wanna save her
Then first youll have to save yourself
If you wanna free her from the hurt
Then dont do it with your pain
If you wanna see her smile again
Dont show her youre afraid
Cause your circle of fear is the same

Love can be as cold as grave
A one way ticket to endless summon
An empire of gentle hate
Today without tomorrow

If you wanna save her
Then first youll have to save yourself
If you wanna free her from the hurt
Then dont do it with your pain
If you wanna see her smile again
Dont show her youre afraid
Cause your circle of fear is the same

Its the circle of regret
The circle of hate
The circle of death
Your circle of fear is the same
Your circle of fear is the same

If you wanna save her
Then first youll have to save yourself
If you wanna free her from the hurt
Then dont do it with your pain
If you wanna see her smile again
Dont show her youre afraid
Cause your circle of fear is the same
Your circle of fear is the same
Your circle of fear is the same

Your circle of fear is the same
Your circle of fear is the same
