Heartaches knocking on the door  
Shadows dance outside her window  
Tears keep falling on the floor  
As the world around her crumbles

If you wanna save her  
Then first youll have to save yourself  
If you wanna free her from the hurt  
Then dont do it with your pain  
If you wanna see her smile again  
Dont show her youre afraid  
Cause your circle of fear is the same

Love can be as cold as grave  
A one way ticket to endless summon  
An empire of gentle hate  
Today without tomorrow

If you wanna save her  
Then first youll have to save yourself  
If you wanna free her from the hurt  
Then dont do it with your pain  
If you wanna see her smile again  
Dont show her youre afraid  
Cause your circle of fear is the same

Its the circle of regret  
The circle of hate  
The circle of death  
Your circle of fear is the same  
Your circle of fear is the same

If you wanna save her  
Then first youll have to save yourself  
If you wanna free her from the hurt  
Then dont do it with your pain  
If you wanna see her smile again  
Dont show her youre afraid  
Cause your circle of fear is the same  
Your circle of fear is the same  
Your circle of fear is the same  
Your circle of fear is the same

Your circle of fear is the same
