No one can hurt you now in this haven safe and sound
No one can save you now from this grace you are
drowning in
Just hold your breath on your way down

This fortress of tears
Ive built from my fears for you
This fortress wont fall
Ive built it strong for you

No one can free you now
From the chains around your heart
Dont be afraid now
Just dive in this emptiness
And hold your breath on your way down

This fortress of tears
Ive built from my fears for you
This fortress wont fall
Ive built it strong for you

No one can hurt you now
In this haven safe and sound
Just hold your breath on your way down

This fortress of tears
Ive built from my fears for you
This fortress wont fall
Ive built it strong for you...
