Oh i, I just died in your arms tonight
It must have been something you said
I just died in your arms tonight

I keep looking for something
I cant get broken hearts lie all around me
And I dont see an easy way to get out of this
Her diary it sits on the bedside table
The curtains are closed
The cats in the cradle who wouldve thought
That a boy like me could come to this

Oh i, I just died in your arms tonight
It mustve been something you said
I just died in your arms tonight
Oh i, I just died in your arms tonight

It mustve been some kind of kiss I shouldve walked
away
Is there any just cause for feeling like this?
On the surface Im a name on a list I try to be discreet
But then blow it again
Ive lost and found
Its my final mistake shes loving by proxy
No give and all take cos Ive been thrilled to fantasy one
too many times.

Oh i, I just died in your arms...
It was a long hot night she made it easy
She made it feel right
But now its over the moment has gone
I followed my hands not my head
I know I was wrong
Oh i, I just died in your arms...
