There was a time when i  
Could breath my life into you  
One by one your pale fingers  
Started to move  
And I touched your face  
And all death was erased  
And you smiled like an angel  
Falling from heaven  
Just to be lift up again

And you kissed my lips  
With those once cold fingertips  
You run me back to life  
And all things come to an end  
We dont have to pretend  
Slowly we fall asleep  
And never wake up again

Were so christ like  
Were so lifelike  
Vampire christ

Were so alive  
Were so lifelike  
Vampire christ

In the grace  
Of this love  
We rise in pain  
And death is not far away  
And soon well sleep  
And never wake up again

There was a time when i  
Could breath my life  
Into you  
And alls been come to an end  
We dont have to pretend  
Slowly we fall asleep

Were christ like  
So lifelike

Vampire christ

Were so lifelike

So christ like

A vampire christ
