She is smiling like heavens down on earth
Sun is shining so bright on her
All her wishes have finally come true
Her heart is weeping. this happiness is killing her.
Its right, shes in love

Shell be right here in my arms
So in love
Shell be right here in these arms
She cant let go

Repeat

So hard shes trying
But her heart wont turn to stone...oh no
She keeps on crying
But I wont leave her alone
Shell never be alone

Shell be right here in my arms
So in love
Shell be right here in these arms
She cant let go

Repeat
