Theres a flame that leads our souls astray
No ones safe from its tender touch of pain
And every day its looking for new slaves
To celebrate the beauty of the grave

We are like the living dead
Sacrificing all we have
For a frozen heart and a soul on fire
We are like the living dead
Craving for deliverance
With a frozen heart and a soul on fire

And again were falling for disgrace
And hate will shelter us from the rain
We are enslaved by the sacred heart of shame
And gently raped by the light of day

We are like the living dead
Sacrificing all we have
For a frozen heart and a soul on fire
We are like the living dead
Craving for deliverence
With a frozen heart and a soul on fire

Addicted to our divine despair
(?)
But you will follow us to death

We are like the living dead
Sacrificing all we have
For a frozen heart and a soul on fire
We are like the living dead
Craving for deliverence
With a frozen heart and a soul on fire

With a soul on
Soul on
Soul on
Fire

Soul on fire
