What if you could live your life
Like you're the only one around
Would you do it just to see if you could
or would it scare you too much
Not to see you friends
Hail, Hail the gangs not here at all

Self reliable
That makes you responsible for
All the lies you told
and you told them to yourself

What if you could live your life
A minute at a time
Make the most of everything you do
or would it scare you too much
to enjoy the life you lead
always complain
about the things that you don't need

Self reliable
that makes you responsible for
all the lies you told
and you're telling to yourself
Self reliable
it may be a lotta work
but in the end it's a job that pays you well
Job that pays you well

Introspection, self-doubt
Just trying to understand
what you're really all about
will it end wth contradiction
would you feel the urge to scream
and wake up from this dream
you don't know why?

Self reliable
that makes you responsible for
all the lies you told
and you're telling to yourself
Self reliable

it may be a lotta work
but in the end it's a job that pays you well
Job that pays you well

Self reliable
that makes you responsible for
all the lies you told
and you're telling to yourself
Self reliable
it may be a lotta work
but in the end it's a job that pays you well
Job that pays you well

Self Reliable
Job that pays you well
Self Reliable
Job that pays you well
Self Reliable
Job that pays you well
Self Reliable
