I can't explain it.
I just wanna talk to you and tell you how I feel.
Every time I see your face, baby this love is real.
I cannot let it go, you know I'm one for you.
So what we gonna do, what we gonna do. I said come
on now.

Every time I see your face, I know its you.
Baby there's something I gotta say, I'm just in love with
you!
And I know that you're the one for me. So what's it
gonna be? what's it gonna be?

H'two'0! I need to know how you feel about me.
So give me a call and never be lonely, and I'll come by
and I'll let you get to know me.

I just wanna talk to you and tell you how I feel.
Every time I see your face I know this love is real. I need
you girl, you know I'm the one for you.
So whats it gonna be? whats it gonna be?

I just wanna talk to you and tell you how I feel.
Come on. Every time I see your face I know this love is
real. Baby it's true. I Need you girl, you're the only one
for me. So what's it gonna be, what's it gonna be.
Every time I sit alone I think of you.
Your eyes, your thighs, your lips gonna think of things I
wanna I do.
And I know you're the girl for me.
So what's it gonna be? what's it gonna be?

Every time I see you I notice your smile.
I see your face, I know that it's you.
I cannot let up because you know, I'm the one for you.
So what we gonna, what we gonna do?

When I met you boy, everything was cool, it was like a
dream. I was so in love it was meant to be.
Running side by side to the morning light, boy, you and
me. So take my hand this is my plan it's destiny.

I'd love to, get to know you better, something about
you. I can't explain it, it's the way you are.
I love the things you do. So what we, what we gonna
do?

I just wanna talk to you and tell you how I feel.
Every time I see your face baby this love is real. I
cannot let it go, you know I'm the one for you.
So what we gonna do, what we gonna do.

I just wanna talk to you and tell you how I feel.
Every time I see your face baby this love is real. I
cannot let it go, you know I'm the one for you.
So what we gonna do, what we gonna do.
