Horrific whore, you don't want to find her
Terror to tube steak, a literal meat grinder
Avoid the slut in the barbed wire thong
Look in between her legs, you'll see something's wrong
There is a heavy price for some who get laid
Submitting a stiff prick to go under the blade
Put your dick in her hell hole and your ecstasy fades
Fucking a cunt stuffed with razor blades
Manhood mutilator - Razorcunt
A sexual masochist of the worst kind
Take her to bed and terror is what you'll find
Rusty nails in her clit and labias are something to see
Her crotch is a nightmare to genealogy
Your schlong slaughtered before you blow a wad
She's the man mutilator the ultimate imasculator
Her twat can chew up a steel vibrator
Her brutal box is a pubic bear trap
Certain doom for any cock penetrating the gap
It's a horrorifice - her orifice
Your penis shreds in the goreifice
This piece of ass isn't blunt
Manhood mutilator - Razorcunt
She giggles as her barbaric crevice whittles your rod
Your schlong slaughtered before you drop your load
Your flesh pipe red, carved and lacerated
You'd still have a pecker if you masturbated
Her most intimate area lined with razored steel
Scream as you screw from the pain that you feel
Your dick sliced to ribbons within a jagged slit
Hard on once whole, now nothing left of it
Penis nothing more than bloody ground chuck
Eat her out go down on bushy butcher knives
Your mouth maimed from suicidal muff dives
Penis nothing more than bloody ground chuck
Man meat hacked away from a masacratine fuck
