[Chorus: Brotha Lynch Hung]

That motherfucker kept sniffin for goods
Put the plastic in his mouth the back of his neck left
And you don't know nuthin but the killa gotta away
Before 4.30 in the morning I'm gone in the 6-Tre
Wit the windows up, must have had gin in the cup
'cause I'm swervin in the fast-lane gotta be spinnin em
up
(X-caliba *echo*)

[Verse 1: Brotha Lynch Hung]

It all started when I twisted the lid of the Olde E
And see E-A-R-double-O-E... .. (??)
Where my motherfuckering siccmade jacket at
'cause that's the only one I could use
When I saw you at the war yeah when I lifted you out
your shoes
It was the pressure from the twenty gage(the twenty
gage)
Felt like it could split your chest whide open wit it
Well nigga you should when I'm round talkin that shit
Bout the nigga that's my kin-folks
Should've known the deal while you was givin out that
info...
...mation, I'll be of that Parry Mason
When I hit em all up, creep em all up, kill em all up, fill
em all up
Real deal, dig em' a ditch, then take they grip
Put em in the back of the Cadillac show em how my
Mini-Mac gonna act
My tactics is lethal
Leave the whole town hella smokey
like that band that steppin over dead people
It's like that, and you wouldn't know it 'cause I'ma cool
ass mufucca
Done delt witt a gang of succas
as I wait for the city to heat up like a Hot Pepper
Gotta whole load fulla Evian
and a trunck fulla FO take no's and I can't let go
Catch you at yo show slippin
Hoes trippin, rows rippin in the street after I heat my

heat
off the hook with this siccmade shit, straight made
nigga
Fuck it, pass me the straight lace liquor to the face
nigga
Off the Thunder Burger and Kool-Aid and O 8
Easy on the liver still make me kill a nigga
Split you head like a pineapple
Die natural!
Five at your dome send em home in a pinebox
I mean Lift you out your sox
Pay attention to the Clock
Its like Half pass a niggas ass lay em in the grass
take suitcase fulla cash and mash
16 in the clip crumble the urb roll a sliff bout to
whatch you brain split in half
Bloody bath watter, infried nigga nuts and bones

But you know...

[Chorus: Brotha Lynch Hung]

That motherfucker kept sniffin for goods
Put the plastic in his mouth the back of his neck left
And you don't know nuthin but the killa gotta away
Before 4.30 in the morning I'm gone in the 6-Tre
Wit the windows up, must have had gin in the cup
'cause I'm swervin in the fast-lane gotta be spinnin em

[Verse 2: Brotha Lynch Hung]

Man remembered by the ((opposet)) nigga that flod the

Sucked blood from my momas tittie - instead of milk
