Cannibalized
Wild west
To eat humans
Time is best
You're a new man
Do you want to test
It's amazing what people eat
Everything from fat to meat
You are shocked about your guts
There aren't only pork and nuts
RAVENOUS
Human flesh

For some time
Cause some style
It's your prime
As cannibal meal
Do you think I am?
It's amazing what people eat
Everything from fat to meat
You are shocked about your guts
There aren't only pork and nuts
RAVENOUS
Human flesh
