[Intro: Ace Hood]

Aceee

Waited my whole life for this moment

Head to the sky

[Hook: Kevin Cossom]

Thank you for patience

For forgiveness

For your angels watching over me

I shoudnt be livin'

Lord I'm sorry for my sins

But these streets ain't forgivin'

No these streets ain't forgivin'

Na these streets ain't forgivin'

[Verse 1: Ace Hood]

As I walk through the valley of the shadow of death

I would never fear a man who could breathe my air

Only God himself

I got my mind on wealth

Quit a job, thank God momma betta' in health

Fuck the world man I felt like I could manage myself

Hard times came around lord I needed your help

Lost my dog can't describe the pain I felt

Couldn't make it to the funeral I hold that guilt

I done been through shit

Nealy lost my life, nearly lost my mom

I toss and turn at night

Now my times are betta'

No eviction letta'

Why did God bless me, I'm tryin' put it together

Ain't nobody here perect

Please wash my sins

Doin' women because they love the way I ride that benz

Plus my penthouse fly

I invite them in

Young man 23 dear God I repent

[Hook: Kevin Cossom]

[Verse 2: Ace Hood]

Okay now 1 for the money
Way to much in dough
3 for the niggas who doubted me on the low
Said that I wouldn't make make it your predetermined
a joke
I inherited a glow
Many livin' with out it
Ask me I how did I do it
Tell them I never doubt it
Quittin' never considered
Many blessings delivered
Friends became haters, the money turning em' bitter
Betrayel in my soul, I'm cold like late december
Daddy look at your son
Millionaire in the makin'
I pray one day that you call
Cause you proud and happy I made it
Never probably maybe
Leaving was kinda shady
Hope this eats you alive
My tears no longer cried

[Hook: Kevin Cossom]

Some people try and they try and try
Just to get by
But me? I'm a' do what I got to do but I'm a get mine

[Verse 3: Ace Hood]
Loyalties to my team
And that's all I scream
Real niggas do real things
I say that we just gettin' richer is the song I sing
Real niggas do real things
I say the money the motive
Oppurtunity closer
Ridibg in that new phantom
In my city I'm hova
I put in my time
And that's word to maroni
24's on the [?]
I did it just like kobe

[Hook: Kevin Cossom]

Some people try and they try and try
Just to get by
But me? I'm a' do what I got to do to get mine
