Renegade renegade

Feeling like I have been crucified
Haven't been the same since my daughter died
Paranormal flourish is my state of mind
Kind of... last night I took some pain killers
And I have become friends with the death dealer
Couple minutes later I was stupid now
Slowly... thinking where I have got this pistol from
Damn I was fucked up
Still wondering if my daddy has abandoned us
Lost my dog when he decide to put them... up
Left the door... jam them up hitting pain I feel my cold
heart
These niggers... start have my younger put your... like
is all...
Choppa stop a nigger like a cross gun

Hallucination my creation

Oh lord I am a mad man screaming salvation into the
mother land
Never money over bothers man I don't think they
understand
Hit the pain that was so poor is like the lions with a pack
roar
Come meet the last of a dyeing breed guarantee that is
some shit that you
Have never seen
Black man no college degree still I have made a way
from my mother to eat
Million dollars a day I made it to peace still I am
assertive to the
Fucking police
I forever be a free nigger as long as the sky is with me I
will deal with
Them nigger
Paranoid only lord knows I think I see people phantom
only lord know

Hallucination my creation

God bless
