I should make her pay me
Minus well, cut me a check hoe
I should make her pay me
These hoes selling pussy, I be selling dreams
These hoes want my lovin' , I want what's in-
between
These hoes chasing ballaz, I been chasing green
Dat hoe think I love her shit ain't what it seems
She thinkin' she special bitch you should join the
team
I fucked once at the Hilton and you so much a fiend
This trick must be crazy, there she go actin' lazy
My mind on makin' millions, she talkin' about
havin' a baby
See I'm just tryna kick it and she just wanna lay up
She thinkin' romantic, I'm thinkin' about
Kayla
I think I should call her, please come over naked
Dick might make ya famous
I should make her pay me
I should make her pay me
I should make her pay me
This dick gon make you famous
I should make her pay me
This dick gon make you famous
I should make her pay me
I should make her pay me
I should make her pay me
You fuckin' with a star
This dick gon make you famous
She blowin' up my phone
Bitch, I should make you pay me
Ok I beat the pussy, leave it gushy
After that she straight asleep
Then she came a couple times
This bitch should be payin' me
On the counter, on the floor
Hit that in my Louie sneaks
Drippin' wet, soakin' wet
She say she want more of me
(I should make her pay me)
The power of the pussy yea

That hoe think she got me? Im already taken
Married to the money, dat hoe steady pushin
Call me say she cookinâ€™™, she just want my goodies
And you wonder why they be fallinâ€™™
They canâ€™™ t stop from callinâ€™™
Dick might make you famous
Pay me my deposit
See lâ€™™ m no normal nigga
Bitch im worth couple million
I get this deep, Up in ya
You switch up your religion
Know what?
I should make her pay me
I should make her pay me
This dick gon make you famous
I should make her pay me
This dick gon make you famous
I should make her pay me
I should make her pay me
I should make her pay me
I should make her pay me
You fuckinâ€™™ with a star
This dick gon make you famous
She blowinâ€™™ up my phone
Bitch, I should make you pay me
I should make her pay me
I should make her pay me
