Ace Hood, I know Hip-hop

Okay trade up off the back I'll be the highest nigga
Spittin thousand dollar for lowest couple hundred for
the fit it
And it's G'd around my color
Work about a 150 keep a couple gunners with me
Smoking... on the sticky kay
Please don't make me take you there
Niggas is spittin than yoggy bear
Make me a movie like...
Chain so bright no short to stare
I'll be on that... your city I just might appear
Be my nigga kick on and the franky got that proper
gear
That just mean that chopper on board,
Won't no problems here
So I'm take you bitch bring her back
She's a souvenir, man is be nigga whillin
Having... we're out of here
Still be here and stillin like Versace be my sponsor ship
I'm chasin chips you're chasin bitch
You guess the hoe she eat the dick
Foreign whips I do the shit my presidential soul and jet
Now why you go and do that there
I wanna be and shit the I'll
I'm tryin to rhyme the p**sy swimming out like school
again
Hole up, starvation sue is coming soon,
Aay them nigga sleeping,
Burn your matrax and repeat it,
If they thinking they the hottest
Then they clearly could be dreaming
Probably drinking gasoline and that's be frying
dragon demon gone
