[Chorus]

Take a look at me now, I'm from the gutta but I made it  
I made it to the top of the world  
Nothin' holdin' me down, I told the haters I would make  
it  
I made It to the top of the world

[Verse 1]

Congratulations all you fakers as you see I graduated  
Here's a favor for you haters, kiss my anus boiiii  
I made it out the ghetto, I made it out the gutta  
But still I keep it street and now I'm hot as every  
summer  
They said I couldn't do it, but who were they to call?  
I started rappin' and ended chances of playin' ball  
And now the doubted, but Young is sproutin' above 'em  
all  
Straight out the Broward County gutta skippin'  
metaposs  
No homo I keep it solo but I will never fall  
Now every call that I get the money is so involved  
Two stacks of betta it's easy cheddar to hit the mall  
I get the money to throw up so every day I ball

[Chorus]

[Verse 2]

And yes I made it, you can't mistake it, I know they hate  
it  
They see my face in them papers next to they rappin'  
favorites  
I am so amazin' I am no one like I'm in the Matrix  
And I made it mamma, don't stress your problems I'ma  
get us outta  
Forget the drama that people holla just follow Godda  
And he will lead you right through them problems I  
promise mamma  
And I swear that to the day I parish  
Tell 'em Khaled I will bury every nescesary cat who said  
I wouldn't homie  
Look at me now yeah, I'm laughin' at you non believers  
And screamin' "Gutta!" while I'm ballin' ery fuckin'

season

I used to pass up my CD me and Fo' Fifth in '80  
I use to beg 'em to listen but they were not believing,  
go

[Chorus]

[Verse 3]

And as I rap I create a classic, who would imagine?  
That I would inherit all the traits to be the greatest  
homie?  
The world is mine and everything, let's get the money  
See Tony Montana said it best, yes it's quoted truly  
So add this song to your list of greatest and classic  
movies  
And I'ma roll the credits just in second, just get this  
message  
Shout out to everyone who supported me or past to  
present  
And I wanna thank Khaled 'cause without him there will  
be no sessions  
And I wanna thank fam' cuz wit' them they taught me  
this lesson  
And I wanna thank God cuz wit'out him there will be no  
message  
And I wanna thank all of my fans cuz they are a blessin'  
This for BET refrence, I got my speech ready

[Chorus]
