Verse 1

Okay

Uh, OK, I walked in the party Mr. Swag so knarly
Wid a bad Spanish mami, better ask somebody

Thats yo chick if I like it, then Im straight boguardin
In the club with a bottle, is that Rosay, no Moscato
They see me models follow, ass clap aye bravo
Im in with my niggas?, see my jewels, they six figures
Fuck yo girl and her friend, im a dog how you figure
Chillin wit mah clique and I puff that lye,
she dont wanna fuck and I tell a bitch bye
Heart so cold why waste my time
20 on the wrist cause I like that shine
Fuck you niggas who hate on mine, credit card will not

Missionary no not me, I like that pussy from behind
Bitch Im ballin everyday, its like somebody pressed

All my niggas came from nothin mandatory that we

Private plane and no complainin if I happen to recline
Same nigga that they doubted and Im gladly goin

Made a million off my hungo thats just soley my reply,
Cause we the best shit aint a lie, hunh
