Visit "[I Know](#)" on MotoLyrics.com

Everytime I look at you
I know one thing is true
I never ever wanna lose you
In my life

Even when the times are rough
We've got a special love
That no one in the world
Can tear apart

And I know I'm there
I swear that I will never turn away
We stay together

And I know for long
We're strong
And our love is made forever
We stay together

What we have is so much more
Than what we had before
A dream to hold on fight far
All the time
