He only sees what he wants  
It serves to fool and distract him  
While slowly everything's haunted, cursed and stained

His temple that was his home  
Showed itself as mere cold stone  
To finally feel all alone is horribly purifying

[CHORUS:]  
And it's doubt that fills my head  
Dreadful doubt dripping in dread

Leave me to live in my own world  
I've had enough of yours  
Follow the program and make plans  
To become self-assured  
Didn't end up the golden champion  
Ended up on the floor

[CHORUS]

[CHORUS]

Paid all the dues I could afford  
But what was due me got lost  
Found I had gained some small respect  
But I get little more  
They say if at first you don't succeed  
Leave well enough alone  
Could never live just for the dollar  
'Cause life is only unknown
