Over the cold endless  
Mountain stream  
Into the dark frozen forest  
Under the snowcovered trees  
Through the wintery  
Whispering winds  
Great Gods of Asgaard  
Guide us through the night  
Let your ravens fly  
Lead us through valleys  
Great Gods of Valhalla  
Guide us through woods  
Great Gods of Valhalla  
Let your valkyries fly

And let us enter  
Let us enter thy hall  
Over the cold endless  
Mountain stream  
Into the dark frozen forest  
Under the snowcovered trees  
Through the wintery  
Whispering winds  
Great Gods of Aasgaard  
Guide us through the night  
Let your ravens fly
