Do you sense the daemon that watches you  
While you sleep in your bed  
Do you feel the claw of my mental embrace  
Ohh suffer my daemonwrath  
The intense touch  
A touch of evil  
Come dance with me  
In this complex maze  
That we've made in mutual passion  
Blinded by hate and blinded by fear  
But I do hold the Ace.  
I shall rip you apart!  
I shall rip you apart  
Vendetta assassination  
Your torture  
My cure  
Ohh I close my eyes  
And I picture your face  
Grinded in a barrel of broken glass  
I close my eyes  
And yo are crucified  
And your stigmatic wounds  
Are "gently" inflicted by me.  
And you bleed!  
Torture Assassination  
The end of an era  
Let us "dance".  
Let us finish the game  
Vendetta assassination  
Slow but sure.  
Slow but sure.  
Slow but sure!!
