Come gather now to this humble feast  
I host this hallow night  
come join the masquerade  
attend the pleasure and delight  
come drink the sweetest wine I serve  
directly from its source  
entangle in pure decadence  
engage this carnal waltz  
(I do insist)  
tempting fruit of lust desire  
piles before my purple throne  
come taste the flesh and scented fumes  
present your flesh and bid your juice

(I trust theirs plenty)  
daughters, bitches-virgin whores  
and sons of saints and daemons  
rejoice in carnal lust,-infernally and divine  
This funeral of morals on this very holy night  
ecstasy and blasphemy  
profound and true delight  
lotus drugged erotica; ooh cum for me my brides  
take it higher, burn like fire  
pain voluptuary desire  
ecstasy extreme  
attend the orgy carnival blaspheme
