"Fast Life"

Visit "[Fast Life](#)" on MotoLyrics.com

I'm always on the go
I go from show to show
Airplanes, taxicabs take me to the next spot

I travel around the world
It's always in and out
Airplanes, taxicabs, hotels, restaurants
Go go go go

Yeah I've seen a lot of places
Yeah I've seen a lot of faces
Every day it's hard to find love
When you lead a fast life

Fast life
I can't slow down
I'm always running around, running around, running
around
On my high heels
Try walking a mile on these
I'm always running, running around, chasing time

Fast life
Sometimes I'm running on stress
Fast life
When my schedule's a mess

I'm always on the go
Even when I'm feeling slow
Airplanes, taxicabs take me to the next spot

Pack your suitcase
There's no time to wait
Airplanes, taxicabs, hotels, restaurants
Go go go

Yeah I've seen a lot of places
Yeah I've seen a lot of faces
Every day it's hard to find love
When you lead a fast life

Fast life
I can't slow down
I'm always running around, running around, running
around
On my high heels
Try walking a mile on these
I'm always running, running around, chasing time

Fast life
I can't slow down
Fast life
Yeah yeah yeah

Go go
Go go

When I'm flying high, high up in the sky
I think about the life I'm leaving behind

Fast life
I can't slow down
I'm always running around, running around, running
around
On my high heels
Try walking a mile on these
I'm always running, running around, chasing time

I can't slow down
Fast life, ooh
Fast life
