I wanna see what y'all can do  
I wanna see this crowd move

You gotta do something, you gotta shake something  
All the people in the front, all the people in the back  
I think I know what you want  
You want the base to come  
Come on

Get up (uh-uh), get up, come on  
Get up (uh-uh), get up, come on  
Get up (uh-uh), get up, come on  
Get up (uh-uh), get up, come on

I'm here to get you up, so put your foot after mine  
I'm here to wake you up, don't want this party to stop  
Party with me, I wanna feel the love  
Get up on me, I wanna feel the love

I wanna see what y'all can do (I wanna see what y'all can do)  
I wanna see this crowd move  
Everybody clap your hands (everybody clap your hands)  
Make your neighbour wanna dance (yeah)

You gotta do something, you gotta shake something  
All the people in the front (oh), all the people in the back (yeah)  
I think I know what you want  
You want the base to come back

Uh uh, get up, come on (uh-uh)  
Get up, come on (party with me) (uh-uh)  
Get up, come on (get up on me) (uh-uh)  
Get up, come on

I wanna, I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna, I wanna

I wanna, I wanna, I wanna, I wanna  
I wanna, I wanna, I wanna see this crowd move

I'm here to get you up, so put your foot after mine  
I'm here to wake you up, don't want this party to stop  
Party with me, I wanna feel the love  
Get up on me, I wanna feel the love

I know you wanna have a good time  
And if you wanna party then you gotta get up  
Uh-uh (come on)  
Uh-uh (I wanna see y'all get up, come on)  
Uh-uh, uh-uh (alright)

I wanna see what y'all can do (I wanna see what y'all can do)  
I wanna see this crowd move (I've gotta see this crowd move)  
Everybody clap your hands (And everybody clap your hands)  
Make your neighbour wanna dance (And make your neighbour wanna)

You gotta do something (wanna, wanna)  
You gotta shake something (wanna, wanna)  
All the people in the front (wanna, wanna)  
All the people in the back (wanna, wanna)

I think I know what you want  
You want the base to come back

Uh-uh, get up, (oh yeah) come on (uh-uh)  
Get up, come on (come on, clap your hands) (uh-uh)  
Get up, come on (I've gotta see everybody dance) (uh-uh)  
Get up, come on (uh-uh)

Uh-uh, yeah  
Uh-uh, uh-uh
