Thinking about the days that I spend with my sisters
They're the reason of my piercing smile
No matter what I do, no matter where I am
I will love them till the end

No one will ever know
'Cause we live by the secret code

Oh sister, ain't no mister
Coming between us
Oh, no no no

Sister ain't no mister
Who's gonna divide us
Oh, no no no

Nobody can break us up even if they try
No one knows how strong we are
We'll do what it takes for each other
My two sisters are my shining star

No one will ever know
'Cause we live by the secret code

Sister, ain't no mister
Coming between us
Oh, no no no

Sister ain't no mister
Who's gonna divide us
Oh, no no no

No one will ever know
'Cause we live by the secret code
I love my sisters

Sister, ain't no mister

Coming between us

Oh, no no no

Sister ain't no mister

Who's gonna divide us

Oh, no no no

Sister (Sister), ain't no mister (There ain't no mister)

Coming between us

Oh, no no no

Sister (Sister) ain't no mister (There ain't no mister)

Who's gonna divide us (Who's gonna divide us)

Oh, no no no
