Oh oh oh

Oh oh oh

If we'd stay all night on our pillow
Don't wake up the sun in our shadow
Show no light of the dawn, don't let the day through the door
All these come what mays will crave for more

You're the apple I'm the sinner (This feels so right)
I'll take a bite cause I wanna (So right)
You're the apple I'm the sinner
Go down on me

When ya breathing on me
You make that ooh come about me
When you give it to me
You make that ooh come about me

Oh oh oh

Oh oh oh

If we'd stay all night in this room
Just stay as long as the moon
If we could just be who we wanna be
Let nobody else kill the fantasy

This feels so right, this feels so right
When you go down on me

You're the apple I'm the sinner (This feels so right)
I'll take a bite cause I wanna (So right)
You're the apple I'm the sinner
Go down on me

When ya breathing on me
You make that ooh come about me
When you give it to me

You make that ooh come about me

When ya breathing on me

You make that ooh come about me

When you give it to me

You make that ooh come about me

Oh oh oh (I'm gonna take a bite)

Oh oh oh (I'm gonna take a bite)

Oh oh oh

Oh oh oh

This feels so right, this feels so right
when you go down on me

Oh oh oh

Oh oh oh

Oh oh oh

Oh oh oh
