### "Dance Lesson"

Okay yeah it's Hadouken!  
It's our dance lesson!  
We keep that movin'  
Yeah, yeah, yeah, yeah  
We keep that movin'  
We keep that movin'

Now work it, work it, work it, work it, work it, work it,  
work it  
Shake it, move it, yeah move that ass  
Move, move, move, move that ass  
Shake it, shake it, work it  
Yeah yeah, you've gotta work it  
You've gotta shake your back  
Move it, yeah move that ass  
Move, move, move, move that ass  
Shake it, shake it, work it  
Yeah, yeah, you've gotta work it  
You've gotta shake your back

Don't have to look hard, you're not a gangsta  
You live with your mum and you work in Asda  
So why you gotta start a fight?  
Can you have one dance on a Saturday night?  
I know that it's cool to be hard and hard to be cool  
Just like at school  
When you're out with the lads don't act like a tool

Well you have to move in your own way  
Don't worry what they say  
You'll soon grow up and do the cliché

Now work it, work it, work it, work it, work it, work it,  
work it  
Shake it, move it, yeah move that ass  
Move, move, move, move that ass  
Shake it, shake it, work it  
Yeah yeah, you've gotta work it  
You've gotta work it

Well you have to move in your own way  
Don't worry what they say  
You'll soon grow up and do the cliche  
Do the cliche, hey

Go on the dance, yes please  
Get on the dancefloor, don't freeze  
Shake your booty, move them knees  
Get down to the rhythm of the 80's cheese

Don't have to look hard, you're not a gangsta  
You live with your mum and you work in Asda  
So why you gotta start a fight?  
Can you have one dance on a Saturday night?  
I know that it's cool to be hard and hard to be cool  
Just like at school  
When you're out with the lads don't act like a fool

Well you have to move in your own way  
Don't worry what they say  
You'll soon grow up and do the cliche  
Do the cliche, hey

Now work it, work it, work it, work it, work it, work it,  
work it  
Shake it, move it, yeah move that ass  
Move, move, move, move that ass  
Shake it, shake it, work it  
Yeah yeah, you've gotta work it  
You've gotta shake your back  
We keep that movin'  
Now work it, work it, work it, work it, work it, work it,  
work it  
Shake it, move it, yeah move that ass  
Move, move, move, move that ass  
Shake it, shake it, work it  
Yeah yeah, you've gotta work it  
You've gotta shake your back  
We keep that movin'

You gotta work it  
We keep that movin'  
We keep that movin'  
We keep that movin'  
We keep that movin'  
We keep that movin'
