Wired by the smell of death  
As your end is drawing near

He make yo cry he make you bleed  
But you feel no fucking fear God won't wake you from  
your sleepBanished from life  
The stinking air  
Drastic suffering,  
You are deformedDEFORMEDYour screams fill the  
stinking air  
Painful death is waiting youGod won't wake you from  
your sleepBanished from life  
The stinking air  
Drastic suffering,  
You are deformedRevolting face  
Putrid remains  
One eye left,  
Bloody handsBanished from life  
The stinking air  
Drastic suffering,  
You are deformed...
