Foul stench corrupts the air - Necrotomy is over  
(the) Morgue seems a battlefield full of dissected  
corpses  
Sculptures of decay  
Slaughtered remains  
Engraved in rotten flesh  
Abstract creation  
On carnal monuments I scrawl my poems  
To glorify the as I slice their bodies  
Sculptures of decay  
Slaughtered remains  
Engraved in rotten flesh  
Abstract creation  
Cryptic nauseous scripts  
Obscene tribute to the sick  
Grotesque funeral art  
Decomposed epitaph  
Carved in flesh ... Artistic carnage  
My blade will trace a maimed homage  
Detruncated and deformed, mutilated, disembowelled  
My butchery legacy is exhumed by the coroners  
Cryptic nauseous scripts  
Obscene tribute to the sick  
Grotesque funeral art
