Cried out and suffer your elixir in my veins
Floating together when your fume goes to my brain

You are oxygen, you are oxygen, you are oxygen

Cried out and suffer your elixir in my veins
Floating together when your fume goes to my brain

You are oxygen, you are oxygen, you are oxygen
You are oxygen, you are oxygen, you are oxygen-gen-
gen
You are oxygen, you are oxygen, you are oxygen-gen-
gen

Cried out and suffer your elixir in my veins
Floating together when your fume goes to my brain

You are oxygen, you are oxygen, you are oxygen
You are oxygen, you are oxygen, you are oxygen-gen-
gen
