A still frame like a strobe light
No, we can stop time tonight, tonight

Arrested (so many)
The walls are closing in slow motion
So we can let go, let it go

(Chorus)
Spread your arms, embrace the light
Forget the world
We can stop time tonight
We can stop time tonight!

Let's go!
We can stop...

(Bridge)
No room to lay, turn another one to sail
Don't wanna wait as our moment turns to slams our wall
Come feel inside, it's ignition where you are

(Chorus)
Spread your arms, embrace the light
Forget the world
We can stop time tonight
We can stop time tonight!

No, we can stop time tonight, tonight
Let's go!

(Bridge 2)
No room to lay, turn another one to sail
Don't wanna wait as our moment returns to slams our wall
Come see inside, it's ignition where you are

Let's go!
We can stop...
Let's go!

(Chorus x2)

Spread your arms, embrace the light
Forget the world
We can stop time tonight
We can stop time tonight!

We can stop time tonight
We can stop time tonight!
