(Bridge)

You're holding my head in your hands now
You're holding what's left in me
It's cold out here in the sunlight
But there's nowhere where I'd rather be

(Bridge 2)

And my heart's still racing
Lying on the concrete
It's cold out here in the sunlight
But there's nowhere where I'd rather be

(Chorus)

Oh in the comedown
Oh when we come down
There's nowhere where I'd rather be

There's nowhere where we'd rather be!

(Verse)

Explode!
If you didn't make your runs, unload
You know if you're in military
Just fuck a million blue bare readers
Out with a rush, drop no
Ain't tryna come on steady when the plane walks by
You wake up again so hold out with the normal cases

(Bridge)

You're holding my head in your hands now
You're holding what's left in me
It's cold out here in the sunlight
But there's nowhere where I'd rather be

(Bridge 2)

And my heart's still racing
Lying on the concrete
It's cold out here in the sunlight
But there's nowhere where I'd rather be

(Chorus x2)

Oh in the comedown
Oh when we come down
There's nowhere where I'd rather be

(Bridge)

You're holding my head in your hands now
You're holding what's left in me
It's cold out here in the sunlight
But there's nowhere where I'd rather be

There's nowhere where I'd rather be
There's nowhere where we'd rather be!

(Chorus x2)

Oh in the comedown
Oh when we come down
There's nowhere where I'd rather be

There's nowhere where we'd rather be!
