I took a call in the night  
She explained to me  
It turns out I had been right  
I told her I already knew

'Cause you know  
What I know  
And I know  
What you did

'Cause you know  
What I know  
And I know  
What you, you did

What you did  
What you've done  
What you said before  
Got me high  
Left me low  
Now it's nevermore  
Honestly now you feed me your lies  
What did you think?  
I've got feelings, not feeling so right

In your head...  
You're not right

Her taxi's waiting  
It's dark now, raining  
My eyes were stone cold  
I told her to leave, now

'Cause you know  
What I know  
And I know  
What you did

'Cause you know  
What I know  
And I know  
What you, you did

What you did  
What you've done  
What you said before  
Got me high  
Left me low  
Now it's nevermore  
Honestly now you feed me your lies  
What did you think?  
I've got feelings, not feeling so right

In your head  
You're not right  
You're not right

What you did  
What you've done  
What you said before  
Got me high  
Left me low  
Now it's nevermore  
Honestly now you feed me your lies  
What did you think?  
I've got feelings, not feeling so...

Was that guilt (?)  
In your head  
When you slept  
In his bed  
And was it  
The first time  
You're no la-  
Dy of mine

You're not right  
You're not right
