Rescuing victims from the road
Injured crippled and defenceless
Deadly advanced life support
Clandestine ambulance service

911 - Dial this for gore
First aid kills - Emergency slaughter
911 - Medical transport
Sick sick sick emergency slaughter

Hastened to the hospital
Sedated and tied to the stretcher
Mesmerized by flashing lights
EMTs abuse their patients

911 - Dial this for gore
First aid kills - Emergency slaughter
911 - Medical transport
Sick sick sick emergency slaughter

...Emergency slaughter

Sirens wailing will silence your screams
Paramedics tearing off guts and limbs
Corpses ain't delivered to the morgue
Victims abandoned at the hospital doors

[Lead: Delivering the sick by Ana]

Extirpate the organs that we need
Dismembering bodies as we race the streets
Corpses ain't delivered to the morgue
On the roadside they'll be dropped

911 - Dial this for gore
First aid kills - Emergency slaughter
911 - Medical transport
Sick sick sick emergency slaughter
