Blood bags infected with virulence
Lab jars full of contagious germs
Syringes - Septic clinical waste
Clinical contamination

Fomite fomite fetish
Freakish fomite fetish

Bandage - Gauze soaked in purulence
Catheters - Stained of excrements
Microbes - Polluted scalpel blades
Treasures of my collection

Fomite fomite fetish
Freakish fomite fetish

Fomite... Infected trash
Staph cultures - urine tests

Fomite.... Unhealthy objects
The sickest stuff... I collect
