Night has come, It's the right time to escape  
They are slept... they will never awake  
Dark Revenge... I will destroy this place  
Burn it down and run away!!!

I'll finish this insanity  
Incendiary hate inside of me  
I will incinerate the dead  
A part of them will never rest

Rising flames on the mangled organs  
Vile stench of the burning flesh  
Roasting limbs - Carnal Crematory  
Melting Skin dripping from the dead

I hear the screams of agony  
Their suffering is pleasure for me

Fire will celebrate their death  
I hope they know the real pain

Bodies explode... violent deflagrations  
Charred Remains... Carbonized rests  
I behold the Blazing Human Inferno  
Praying for the souls of the dead

Set the morgue on fire!!!

Fuck you morticians, burn in your own hell  
I really wish you a slow and painful death  
I want destroy this sick human inferno  
Reduce to ashes this temple of terror
