Through the Keyhole
A Bloody Scene I behold
A Brutal Orgy of Gore
is performed behind this door
Surgeons destroy
with malicious joy
Dismembering fest
on Splattered rests
Flying organs
Hacked Arms, Severed legs
Drug-induced Carnage
Witness of postmortem violence
Surgeons destroy
with malicious joy
Ripping with fun
They're fucking drunk
Drunk and insane
They puke on the limbless torsos
My eyes can't resist
This Sick Forensic Horror
Haemorrhage Witness Of Postmortem Violence
