It was a swing from a cable
That sat by the tabourn EK
Suffer you for your even way

This could style and still betide the police
Just wait he'll come down on one heath
He's lucky poor that's the risk I note
Feeling almost tight as butterflies shows

They call him kongulo
You never see him in an elevator
It's most too slow
See you later, see you later
Let's hope the winds don't blow
Watch out
Here comes the kongulo

Afraid of hides when it comes to flights of sex
But when it starts to move
Nobody gets
No safety-line he takes his time out-there
Stops for coffee
And rests the first years there
The side before there is a risk I know
Feeling almost tight as butterflies shows

They call him kongulo
You never see him in an elevator
It's most too slow
See you later, see you later
Please don't make it snow
Watch out
Here comes the kongulo

It made us so even keener
When he hits the the right
With the window cleaner
Human kongulo say yeah
Now it's on tv who took him about his hand

They call him kongulo
You never see him in an elevator

It's most too slow
See you later, yeah see you later
Let's hope the winds don't blow
Watch out
Here comes the kongulo
La-la la-la la-la la-la-la
Watch out
Here comes the kongulo
La-la la-la la-la la-la-la
Watch out
Here comes the kongulo
La-la la-la la-la la-la la-la la-la la-la la-la a-la la-la la-la
la-la la-la-la
