Plastic halo

My first time for years  
With minimal makeup  
Waiting to hear  
It's the true you

You don't even smile  
You never notice  
When I do things for you  
When I do things for you

I hope you choke  
In your plastic halo  
I hope you choke  
In your plastic halo  
'Cause now I know  
It's the right way for you to go

Find parts of myself  
That were not missing  
Make up opinions as good as yours  
The harder I try  
The more you dislike me  
I'll never be good enough  
I'll never be good enough

I hope you choke  
In your plastic halo  
I hope you choke  
In your plastic halo  
'Cause now I know  
It's the right way for you to go

You'll never fly  
Like proper angels in the sky  
But I'd love to see you try

It's always about  
How you feel  
Witch would be ok

If your feelings are real  
If you listened to me  
Perhaps you'd see  
That we're better off without you  
Were better off without you

I hope you choke  
In your plastic halo  
I hope you choke  
In your plastic halo  
'Cause now I know  
It's the right way for you to go  
Now I know  
It's the right way for you to go
