[1, 2, 3]

There was a way with the promises  
And in a little while another way  
Has it moved?  
Highways

Thought I knew  
But I don't  
Thought I knew

Out here we're made  
All of us, always  
Handmade mistakes

Move on through my wake  
I look away, I look away  
Looks like you wanna be  
Highways  
Highways

Thought I knew  
But I don't

Thought I knew  
But I don't

Thought I knew  
But I don't

Thought I knew  
Thought I knew
