Well I'm just coming here to come down  
I could be here and I could move town  
Put my suits right on the guest list  
Saw my pa's boy, became weightless

And I'm all hooked up  
I'm all hooked up  
I'm all hooked up  
I'm all hooked up

Drippy street caught me believing  
Spilt their eyes on all the ceilings  
Forced to live like it's a curfew  
Translation, it means I love you

And I'm all hooked up  
I'm all hooked up  
I'm all hooked up  
I'm all hooked up

Yea yea yea yea yea  
Yea yea yea yea yea  
Yea yea yea yea yea

I'm just coming here to come down  
I could be here, I could move town  
Forced to live like it's a curfew  
Translation, it means I love you

And I'm all hooked up  
I'm all hooked up  
I'm all hooked up  
I'm all hooked up
