I was  
Waiting for you  
I was  
Standing around  
I was  
Getting Older  
I was  
Going Down

If you always get up late  
You'll never be on time  
If you always make it after work  
Ba ba dada

Oh the day never comes  
And I stand up  
Waiting on

I saw you down there  
I know you were tired  
I saw you  
You looked like a SWIMMER  
I wanna be with you  
All of the time  
Why can't you satisfy

You look good  
But you sound better  
You were the best I had

If you always get up late  
You'll never be on time  
If you always get up late  
You're never gonna be on time  
And that's a shame

Cause I like you  
I never see you.
